

BRIEF SUMMARY

As a final year Engineering student, I bring a blend of academic knowledge and practical experience to the table. I'm ready to apply my skills in real-world software development scenarios.

KEY EXPERTISE

HTML5 CSS Javascript ReactJS DBMS Web Development Data Structures Java Python Git Github

EDUCATION

Parul University

B.Tech. - CSE - PIET | CGPA: 8.61 / 10

2021 - 2025

Shree V.R. Karve Progressive High School, Mehsana

12th | GSEB | Percentage: 81.80 / 100

2021

Shree V.R. Karve Progressive High School, Mehsana

10th | GSEB | Percentage: 84.16 / 100

2019

PROJECTS

Modern-Chair

Key Skills: HTML5 CSS

Project Link: <https://prajapatiapurva.github.io/Modern-Chair/>

Through this mini-project, I gained knowledge about various topics, including media queries, animations, and accordions.

Kisan Setu

Team Size: 6

Key Skills: React.js Teamwork Debugging CSS Git Github

Project Link: <https://kisan-setu.vercel.app/>

KisanSetu is a promising project aimed at bringing smiles to both farmers and customers alike. Focused on revolutionizing the agricultural landscape, this initiative is currently focusing on the frontend development using React.js.

Food Delivery Website

Key Skills: ReactJS Router Git Github CSS

Project Link: <https://food-delivery-website-pearl.vercel.app/>

Developed a modern, responsive Food Delivery Website using React and Vite, enhancing user experience with seamless online food ordering across devices. Implemented client-side routing and state management using React Router and Context API.

ASSESSMENTS / CERTIFICATIONS

Data Analytics with Python

Aggregate: 76 / 100

Key Skills: Data Analysis Data Analytics Python

I recently attended the Data Analytics with Python course provided by NPTEL, and it was an amazing experience. The course covered essential topics such as data manipulation, visualization, and analysis techniques using Python.

Software Engineering

Aggregate: 52 / 100

Key Skills: Software Engineering SDLC

In this course, I have gained insights into industry best practices and methodologies, equipping them with the knowledge and skills to develop reliable, scalable, and maintainable software systems. The curriculum covers essential concepts through a combination of theoretical learning and practical application.

Python Fundamentals

Key Skills: Python

By completing this course, I got to know more and more about Python Language and its usage in various fields such as DSA, Machine Learning, and so on. And the Basics of the OOPs concept in Python.

SEMINARS / TRAININGS / WORKSHOPS

A Masterclass for Node Js Institute Name: Parul Institute of Engineering and Technology

23 Aug, 2023 - 24 Aug, 2023

Key Skills: Node.js Javascript

I had a great experience while attending this workshop. I learned many skills in this workshop such as creating server, javascript basics, crud operations, fs module.

PERSONAL INTERESTS / HOBBIES
